- Size Land: 1.4 acres

It can be said that travelers and new residents are drawn to San Miguel de Allende by the weather, culture, and architecture. Perhaps next on the list of most desired attributes would be the views. Surrounded by mountains, clear blue skies, and the wide open countryside, the views from rooftop decks and terraces add value to the San Miguel experience as well as value to the properties themselves. This holds true for no home more than Casa Quince.
