When you are shopping for a house, they all start to look the same. Not this one. From the street, Casa Condesa looks large, solid and gracious, Trees, flowers and organos cactus surround the manicured perimeter. Up three steps and the blue street door opens to a park-like garden with leafy, shaded paths, quiet spots to just sit and 2 soaring Jacarandas. Open the magnificent hand carved door and behold the jaw-dropping 35 ft. high boveda ceiling and you'll get how unique this casa really is. In reality, this home looks better than in the pictures.
