Property in Saltito de Guadalupe sounds really appealing! Located in a convenient area and close to several essential amenities, such as a school, La Luciérnaga square, a hospital, banks, and other services. In addition, the fact that it is close to a bypass facilitates mobility without having to cross the city. The description of the property itself is very detailed. The 254 square meter lot with 198 square meters of construction spread over 2 levels and a roof terrace sounds very spacious. The mentioned areas, such as the 3 bedrooms, 2 bathrooms, living room, dining room, kitchen, garage, patio and garden, offer a great variety of spaces
