While it looks like it's been here for years it was built around 15 years again and designed by the well known and respected San Miguel architect Alan Wilkerson. The charming entry courtyard sets the mood of anticipation when you walk into a large living and dining area overlooking the pool and outdoor entertainment center. A well portioned kitchen with generous mesquite counter island, offering plenty of space for your favorite cooks and audience. Off the kitchen is a rare find in Centro; a one car plus garage, laundry area and bathroom. The spacious area could easily have an added pantry if desired. Once
