You couldn't imagine a more perfect place to build your home in the countryside. Close to everything but at the same time far enough from the hustle that allows you to live with the peace, tranquility and privacy that this country property offers you surrounded by nature, with mature Mesquite trees, Pirules, Sauces, Cactus and plants from the region. Just close your eyes and imagine your life in this special property with an area of over half a hectare. Experiencing the most beautiful sunsets and natural landscapes that the region offers can be possible in this fabulous country land that adjoins the Rio Laja and has access to thermal water. Two buildings complement this place, one is
