Talking about Antigua Residencial is talking about Quality, Good Design, Good Price and Responsible Condominium Development. Each and every one of their houses is built with attention to detail. Their houses are approximately 1 meter apart from each other, which prevents the vibrations produced by blows or sounds from being transferred to the neighbor's house. The development has very unique amenities: 2 swimming pools, convenience store, gym, cafeteria, transportation to downtown twice in the morning and twice in the afternoon, and a beautifully designed canyon to enjoy the peace with the beautiful sunsets characteristic of our Saint Michael.
