“A place where time slows down, and life feels just right.” Imagine waking up to birdsong and a gentle breeze flowing through windows that frame ancient trees. This house isn't just lived in — it's experienced. Every corner was designed to connect you with yourself, your loved ones, and the nature that surrounds you. From a professional-grade kitchen where flavors are born and shared, to a living room that becomes a cozy refuge with its fireplace and warm ambiance. Each bedroom offers its own character, inviting rest and quiet. And the rooftop? A private stage for sunsets over the dam that look like they were painted
