Los Senderos

MAIN FEATURES

- MLS Id: SMA11757
- Size Land: 4.1 acres

A 4.1-hectare development parcel within Valle de los Senderos, located approximately 3.5 km from downtown San Miguel de Allende. Palcos de Piamonte offers an opportunity to create a distinctive low-density residential or hospitality-oriented concept within an established master-planned community. Valle de los Senderos already incorporates a lake, a Beach Club and thermal spa, equestrian facilities, hiking and biking trails, a vineyard, boutique hospitality, event venues and extensive natural areas. A concept prepared for Palcos envisions a limited collection of vacation residences, fractional ownership possibilities, a clubhouse and an olive-grove landscape, while leaving room for an investor to develop a project suited to the property's setting.
