

## Casa de Las Diligencias, a Colonial Jewel

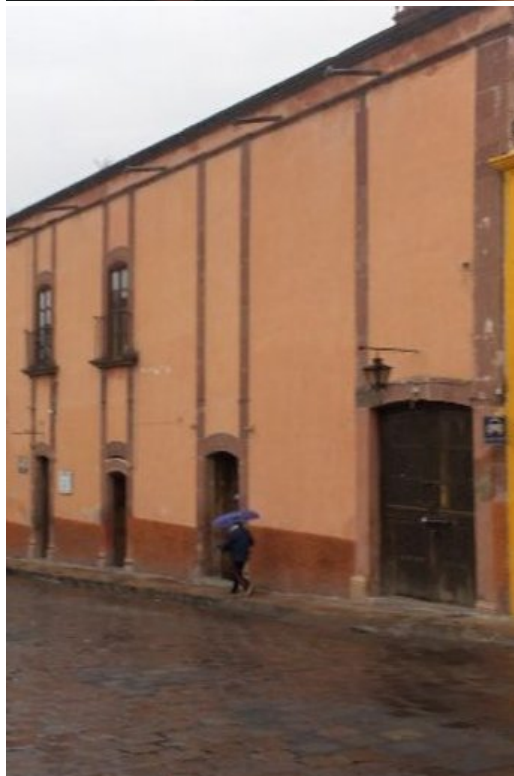

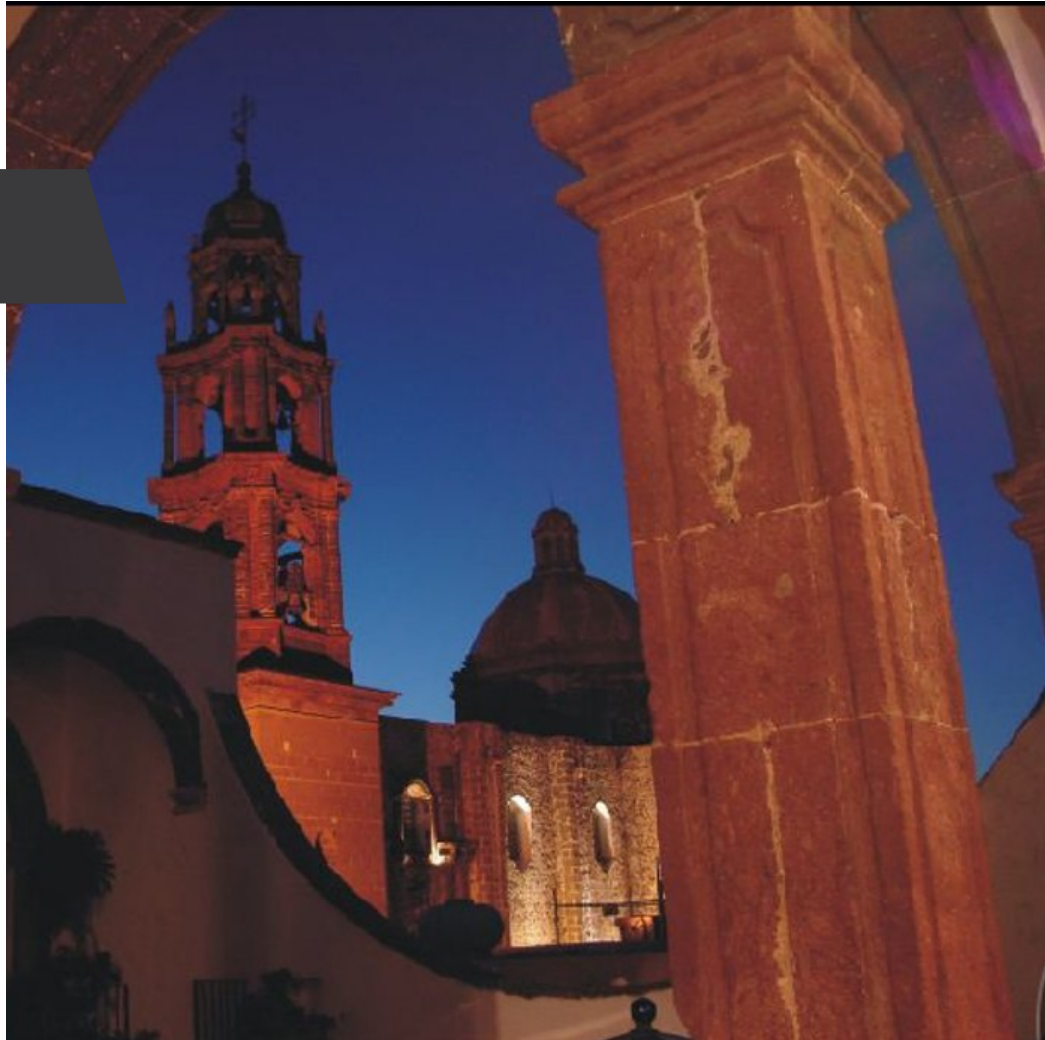

**\$1,800,000 USD**

### MAIN FEATURES

- Ref: 1723
- Bedrooms: 6
- Bathrooms: 1
- Size: 7,650 ft<sup>2</sup>
- Size Land: 3,271 ft<sup>2</sup>

Located in the heart of San Miguel this masterpiece of colonial architecture is a relic. In an austere baroque style this two-story house has two patios, six bedrooms and seven balconies overlooking two of the main streets of the historic center. With more than three centuries it retains the original structure distribution on both architectural and decorative elements that only a few constructions of that time have to the date. At the roof you could build an amazing sunset bar with 360° views.
