Casa Uma, located in Fraccionamiento La Luminaria (just 1.5km from the main square of Centro), is a perfect opportunity for those who are looking to make a long or short term investment, or also for a family that is looking to make their life in San Miguel de Allende. Casa Uma is a great opportunity since its price does not compare to the houses that are for sale at this time in this gated community, and that is why we suggest taking this great opportunity! Casa Uma counts with: — 3 large bedrooms, each with its own full bathroom— Perfectly equipped kitchen, living room, terrace, and backyard — A jacuzzi that is right in front of the backyard, perfect for watching the children play— Access to all the amenities and facilities: Paddel Court, Gym, Pool, Jacuzzis, Restaurant/Bar and Event Room. The house can be sold with or without furniture, but our suggestion would be to take advantage of the great selection of the owners in terms of style and comfort.
