In what many consider one of the most beautiful cities in the world to live in, this development stands out for its commitment to sustainability and environmental harmony. It features its own water well, a state-of-the-art recycling plant, and strict preservation of native flora and fauna—every detail is carefully managed to protect and respect nature. All homes will be single-story to ensure uninterrupted views of the stunning surrounding mountains, and each façade will be finished in tones that blend seamlessly with the natural landscape. With only 116 units thoughtfully distributed across nearly 18 hectares, this project offers exclusivity, serenity, and the peace of mind of controlled access. Let yourself be captivated by a visit—you'll fall in love instantly. This lot is offered at a pre-sale price while its immediate surroundings are still under development, ensuring excellent potential for appreciation.
