In the best city to live in, there are many developments, but few are of this high-end caliber. The lots are over one hectare size, comprising 23 lots with underground utilities, a private well, and controlled access. Located 30 minutes far from San Miguel Downtown, road to Guanajuato and the Bajío Airport. This exclusive development is for a few, as the second mansion is currently under construction, making now the perfect time to invest for its promising appreciation potential.
