Property Description Spacious 4-Bedroom Home with Flexible Living Space in Fracc. Alameda This spacious 4-bedroom, 4-bathroom home offers comfortable, flexible living across two well-planned levels, with 184.28 m² of construction on a 140 m² lot. The main level features two bedrooms, each with its own full bathroom, along with a central living and dining area. The kitchen opens directly onto a private patio, while a welcoming entry courtyard adds another outdoor space and a pleasant sense of arrival. Upstairs, the primary bedroom offers a comfortable seating area and private bathroom. A fourth bedroom also has its own full bathroom. Between the bedrooms is a generous open flex space that can easily serve as a home office, family room, studio, workout area, or additional living space. Outdoor living, with two separate patios providing options for relaxing, entertaining, or enjoying the San Miguel climate. On-street parking is available, a practical benefit that can be difficult to find in properties closer to...
