Great house for you

ID: 4105

This single-level, ten-year-old villa was an early model, boasting a shorter walk to the community facilities. The American owner customized it during construction with such upgrades as a larger footprint, radiant flooring, American faucets and upgraded light fixtures and with a larger electrical panel, additional view windows in the upper mezzanine office, a dog fence, larger water heater and new pump, and plumbing installed for a roof terrace hot tub to accompany the small roof kitchen.
