Casa Hikari

Views

ID: 4172 **Price:** \$ 449,000 USD

In a conscious intent to make good use of our natural resources, the property comes with a rainwater collection system composed of a 3 tier sedimentation filtering system and a 11,000 liter cistern. The system also has its dedicated water tank that will provide water to flush the toilet, irrigate the landscaped areas and to clean the house. On the same note, warm water will be largely provided by a solar water heater installed on the roof...
