Casa Reflexión

ID: 6036 **Price:** \$ 248,000 USD

The two apartments have recently been updated with fresh paint and new kitchens! Both offer lots of light through their large marquetry-style windows.

Located high up on the hillside of Ojo de Agua, this home offers multiple options. Whether you're looking for an investment property or a comfortable home, Casa Reflection does not disappoint. The property is broken into two rentable duplexes, but can easily be converted into a single-family home if you wish to go in that direction.
